Required Texts

There is a reading package designed for this course available at the campus bookstore.

Course Description

This course will explore the impact of technological change upon the social world. Each class we focus on substantive topics that examine the social changes that are brought about by technological developments. In our first lecture we will discuss the importance of critical analysis from a sociological perspective. In succeeding weeks we will investigate such areas as: the impact of social change from a historical point of view, cultural changes that occurred as a result of introducing technological developments, transportation technology and racism, work and technological change, medicine and technology, eugenics, reproductive technologies, resistance to technology, whistle-blowers, and technological disasters.

Course Requirements

Students are expected to attend class regularly and actively participate in class discussions. As well, reading assignments are to be completed on the date specified in the reading list attached to this syllabus.

Examinations

The examinations will incorporate lectures, class discussions, films and assigned readings.

Participation

Your participation mark is based on your contribution to class discussions. During the class you will be given group questions for discussion and your group will compile a report of that discussion. Those who participated will sign their name to the report and the report will be handed in at the end of the class.

Movie Review

The movie review is due at the beginning of class on **May 15, 2013**. Your review is to be of a movie that encompasses technology and is sociologically relevant. In your own words, in a paragraph, describe what the movie is about. In two to four paragraphs discuss the technology that is portrayed in the movie. In two to four paragraphs discuss the impact of the technology on the social world depicted in the movie. In a couple of sentences outline why you would or why you would not recommend this movie. Your paper is to be 2 to 3 pages in length, not including your title page and bibliography.

Use ASA style to format your review. Use Times Numeral font, 12 font size, and double-space your paper. No reviews are to be submitted electronically. Plagiarism is not tolerated at Lakehead University; please see the Student Handbook for a full discussion on plagiarism.

NO ASSIGNMENTS WILL BE HANDED IN ELECTRONICALLY.

American Sociological Association (ASA)

All assignments in the Department of Sociology are to follow the ASA (American Sociological Association) style guide. The guide can be accessed on the web. Type in ASA Style Guide and a number of examples will be available for you to choose from.

Plagiarism

Plagiarism is unacceptable and subject to various sanctions. Please see the university regulations section on academic dishonesty in the Lakehead University Calendar.

Grades

The Midterm and movie review will be returned in class. You have two weeks, after the day midterms and the movie review are handed back in class, to come and discuss your grade.

Medical or Compassionate Consideration

Should you require academic consideration for medical or compassionate reasons, you will need a note from a physician or counsellor. Please refer to the current Lakehead University Calendar for detailed information.

Office Hours

There are two regularly scheduled office hours each week. Office hours are set to provide students the opportunity to stop by if they have questions, concerns, or would just like to say hello.

Please Note: I do try to answer email in a timely fashion. I do guarantee a response during my regularly scheduled office hours. I do not discuss marks through email.
