Course Description:

Sociology 2911 FA is an introduction to methods in sociological research and analysis. This course will cover basic concepts in research methods such as sociological research questions, research hypothesis, how to collect data for research (units of analysis), measurement issues (conceptual and operational definitions), logic issues, research ethic issues, and differences between qualitative and quantitative methods.

Courses requirements:

1. Multiple choice questions

You are asked to develop three multiple choices questions (with 5 choices and answers) from each chapter in the textbook and submit them via D2L right after we finish that chapter. **THIS ACCOUNTS FOR 15% OF THE FINAL GRADE.** The multiple choice questions should be written in Word file named by the initial of your first name and your whole last name followed by chapter numbers. For example, the file for chapter 5 by John Smith should be named as J.Smith5.

2. In-Class Random Quiz

There are 5 in-class random quizzes. The quiz is about the chapter we are going to talk in that

class. EACH QUIZ ACCOUNTS FOR 3% (IN TOTAL 15%) OF THE FINAL GRADE. You get one point if you write the quiz which indicates your class attendance. The other two points are based on your marks of the quizzes. Make sure you read the chapter before each class according to the class schedule.

3. Assignment:

To apply concepts and techniques covered in class, you are asked to analyze one published research article in the academic journal of sociology like *The American Journal of Sociology*, *American Sociological Review*, *Annual Review of Sociology*, *The Canadian Journal of Sociology*, *Contemporary Sociology*, *European Sociological Review*, and *Sociological Forum*. You have to select one research paper based on your own research interests. The requirement and instruction for the assignment will be handed out in the fourth week of the term. THIS ASSIGNMENT ACCOUNTS FOR 25% OF THE FINAL MARK.

In submitting the assignment, no “faxed” copies will be accepted. It must be typed (12 cpi or maximum 300 words per page), double-spaced, on 8 ½ X 11 paper, stapled (no paper clips or plastic covering or binders), and handed in personally one week after the last class (or if late, to me personally). You’d better not hand in assignment at the main office in the Sociology Department (they do not accept them) nor slip assignment under my office door (the cleaning staff has been known to dispose of them!!!).

IN THE INTEREST OF FAIRNESS FOR ALL STUDENTS, ASSIGNMENT SHOULD BE DUE ON THE DUE DATES. LATE ASSIGNMENT WILL ONLY BE ACCEPTED WITHOUT PENALTY WITH APPROPRIATE DOCUMENTATION. ASSIGNMENTS RECEIVED AFTER THE DUE DATE (WITHIN ONE WEEK OF DUE DATE, WILL HAVE THEIR GRADE REDUCED BY A RATE OF 10% DAILY). NO ASSIGNMENT WILL BE ACCEPTED MORE THAN ONE WEEK AFTER THE DUE DATE.

ONLY MAJOR ILLNESS AND EXCEPTIONAL CIRCUMSTANCES (WITH APPROPRIATE DOCUMENTATION) ARE ACCEPTABLE REASONS FOR HANDING IN AN ASSIGNMENT AFTER THE DUE DATE. IF A STUDENT CANNOT HAND IN AN ASSIGNMENT, THAT STUDENT MUST CONTACT THE PROFESSOR BEFORE THE DUE DATE (IN PERSON OR BY EMAIL) AND PROVIDE APPROPRIATE DOCUMENTATION AS SOON AS POSSIBLE. THIS POLICY WILL BE STRICTLY ENFORCED AND NO EXCEPTION WILL BE MADE.

4. Short tests:

There will be 3 short tests throughout the term. They will contain multiple choice and short answer questions. These tests will be held in the regular classroom during classes. The material covered between tests will be the major focus of each test, although the exact details will be specified clearly in class well before each test. THE THREE TESTS WILL BE WORTH 45% OF YOUR FINAL GRADE.

THERE IS NO PROVISION FOR THE TESTS. FOR AN UNEXCUSED ABSENCE FROM A TEST, A ZERO WILL BE RECORDED. IN CASES OF MAJOR ILLNESS OR EXCEPTIONAL CIRCUMSTANCES, THE FINAL GRADE CAN BE REWEIGHTED TO MAKE UP FOR THE MISSING MARKS BUT ONLY IF I AM INFORMED BEFORE

THE TEST AND WRITTEN DOCUMENTATION IS PROVIDED. IN THE INTEREST OF FAIRNESS TO ALL STUDENTS, AND IN PARTICULAR, TO THOSE THAT ADHER TO THESE GUIDELINES, NO EXCEPTIONS WILL BE MADE.

Distribution of Grades:

Multiple choice questions	15%
Random quiz	15%
1 assignment	25%
3 tests	45%
