

LAKEHEAD UNIVERSITY
DEPARTMENT OF SOCIOLOGY

Sociology 3311 FDE
Research Techniques & Data Analysis
Dr. Jianye Liu

Office: RB 2037

Telephone: 807 343 8010 ext. 8215

Email: jliu8@lakeheadu.ca

Office Hours: Tuesday & Thursday: 1:00PM-2:00PM or by appointment, Zoom

Classes: Tuesday & Thursday: 2:30PM-4:00PM, Zoom

Texts:

One textbook is required. The approximate textbook costs are provided below and reflect current LU bookstore pricing (prices subject to change). The texts may be available from other sources at reduced prices.

Healey, J.F. & Steven G. Prus. 2019. *Statistics: A Tool for Social Research*, 5th Canadian Edition. Toronto, ON: Nelson Education Ltd (***LU bookstore prices: Print \$132.95 + tax; Ebook \$79.99 + tax***).

Course Description:

Sociology 3311 FA is the second part of the previous SOCI 3309 YA (a full year course) designed to provide students with a preliminary understanding of the skills and knowledge required to carry out quantitative data analysis. It includes the organization and presentation of data, measures of central tendency, measures of variability, percentiles and z-scores, the normal distribution, random sampling distributions, probability, and statistical inference. Computer techniques are limited to the creation of data files and statistical analysis using SPSS.

Students are expected to understand simple mathematical procedures. It is also helpful (not required) to have a calculator with the capacity to perform square roots. Textbooks should be always available to all statistics classes.

Courses requirements:

Assignments

An emphasis will be on the application of the many concepts and techniques covered in class and through the required readings in the textbooks. Through a series of 3 assignments accounting for 10% each of the final grade, students will have an opportunity to apply what they have learned and subsequently obtain some feedback. Each assignment will be marked and returned, some will be discussed in class, and students can always meet with the instructor to discuss possible difficulties or concerns.

Short tests

There will be 2 short tests throughout the term. They will contain multiple choice and possibly short answer questions. These tests will be held online and in the regular class time. The material covered between tests will be the major focus of each test, although the exact details will be specified clearly in class well before each test. **THE TWO TESTS WILL BE WORTH 30% OF YOUR FINAL GRADE.**

Final Examination

The final examination will be online and scheduled during the final exam period. It will be 3 hours in length and may have multiple choice, short answer problems and major problems. Students are responsible for the entire statistics portion of the course for the final examination. The final exam accounts for 30% of the final grade.

Distribution of Grades

2 tests	40%
3 assignments	30%
Final exam	30%

Specific issues with online activities

(1) Copyright Compliance:

I understand and agree that all instructional, reference, and administrative materials to which I am given access in this course (the "course materials"), whether they consist of text, still or kinetic images, or sound, whether they are in digital or hard copy formats, and in whatever media they are offered, are protected in their entirety by copyright, and that to comply with this copyright and the law.

(1) I may access and download the course materials only for my own personal and non-commercial use for this course; and

(2) I am not permitted to download, copy, store (in any medium), forward or share, transmit, broadcast, show, post or play in public, adapt, or change in any way any text, image, or sound component of the course materials for any other purpose whatsoever except as expressly authorized, and only to the extent authorized, in writing, by the course instructor.

I further understand and agree that, if I infringe the copyright of the course materials in any way, I may be prosecuted under the Lakehead University Student Code of Conduct – Academic Integrity, which requires students to act ethically and with integrity in academic matters and to demonstrate behaviours that support the University's academic values.

(2) Exam/Assignment Integrity:

I understand and agree that:

(1) Unless otherwise allowed by the course instructor, I must complete the assignments in this course without the assistance of anyone else.

(2) Unless otherwise allowed by the course instructor, I must not access any sources or materials (in print, online, or in any other way) to complete any course exam.

I further understand and agree that, if I violate either of these two rules, or if I provide any false or misleading information about my completion of course assignments or exams, I may be prosecuted under the Lakehead University Student Code of Conduct – Academic Integrity, which requires students to act ethically and with integrity in academic matters and to demonstrate behaviours that support the University's academic values.

Student Health and Wellness Launches New Resources to Support Mental Health

Thunder Bay

We are all experiencing a wide range of emotions as we near the fall semester- nervous, excited, anxious and everything in between.

Some of our students will struggle with their mental health as they adjust to our new modes of delivery and the ever-changing public health guidelines that will exist on our campuses.

Student Health and Wellness wants to be proactive in encouraging students to access support and we invite all Lakehead staff and faculty to work with us in reducing the stigma surrounding mental health concerns.

These resources are simple to use but can lead to a culture on campus where students seek help when it is needed. In addition to the following statements generated for staff and faculty members to consider using, Student Health and Wellness will continue to offer monthly [Students in Distress training sessions](#).

Outline and schedule (the following schedule may be modified slightly throughout the term)

September 8	Introduction and Basic Math Operation
September 10	Chapter 1
September 15	Chapter 2
September 17 & 22	Chapter 3
September 24	Chapter 4
September 29	<i>Assignment #1 (Due Oct. 8)</i>
October 1	Chapter 5
October 6	Chapter 6
October 8	<i>Test #1</i>
October 12-16	Reading Week
October 20	Chapter 7
October 22	Chapter 8
October 27	Chapter 9
October 29	<i>Assignment #2 (Due Nov. 12)</i>
November 3	Chapter 9
November 5	Chapter 10
November 10	Chapter 11
November 12	<i>Test # 2</i>
November 17 & 19	Chapter 12
November 24	Chapter 13
November 26	<i>Assignment #3 (Due Dec. 8)</i>
December 1	Chapter 14
December 3	REVIEW

NB. The dates for class coverage of topics are only best approximations.
