

2012-13 ANNUAL REPORT

Lakehead
UNIVERSITY

EXCEPTIONAL.
UNCONVENTIONAL.

LAKEHEAD UNIVERSITY IS FAR FROM ORDINARY.

This year I had the pleasure to be part of our Board of Governors' strategic planning process which articulated a new mission for Lakehead University – to be recognized as an innovative comprehensive university that teaches students how to think, not what to think.

In this Annual Report you will find many stories about how we are transforming the communities we serve – whether it's opening a new Faculty of Law that will increase access to justice for people living in Ontario's north or sharing our expertise in ancient DNA analysis with archaeologists around the world.

I am proud to say that Lakehead is home to exceptional and unconventional students. They are passionate about their individuality and their communities. And they have the courage and drive to realize their dreams and succeed in their own ways.

We believe our students want an innovative comprehensive university where they have the highest chance of success. We believe in the diversity that comes from having students from many cultures and traditions. And we believe they want the intellectual freedom to pursue the unconventional.

Please join me in celebrating our students' achievements and those of the faculty, staff, alumni, donors, and friends who make Lakehead University such a vibrant academic community.

Thank you. Merci. Miigwetch.

– Brian J.R. Stevenson, PhD
President and Vice-Chancellor
Lakehead University

2013-2018
STRATEGIC PLAN

TOP 10 STORIES OF 2012-2013

1. Canadian statesman Derek Burney becomes Lakehead's new Chancellor
2. Simcoe County's latest \$1 million gift to Lakehead Orillia brings their total donation to \$2.5 million
3. \$1 million gift from The Paterson Foundation puts the Faculty of Law on the right path
4. Centre of Excellence for Sustainable Mining and Exploration (CESME) launched
5. Inaugural academic appointments to the Faculty of Law
6. Lakehead approves Strategic Plan for 2013-2018 and undertakes major re-branding initiative
7. Cynthia Wesley-Esquimaux hired as Vice-Provost (Aboriginal Initiatives)
8. Georgian College and Lakehead University announce a new partnership focused on innovative student learning
9. Lakehead faculty and students garner major funding for ground-breaking research work:
\$2.9 million in funding from the Natural Sciences and Engineering Research Council
\$1.44 million from the Social Sciences and Humanities Research Council
\$1.1 million from the Canadian Institutes of Health Research
10. Orillia campus reaches out to elementary students with Hands-on Science program

CLICK ON ANY OF THE YELLOW HIGHLIGHTED STORIES TO READ MORE

The background of the slide is a collage of images. On the left, there is a photograph of a large, multi-story stone building with many windows, likely a university building. To the right of the building, there is a photograph of a calm lake reflecting the surrounding trees, which have some autumn-colored foliage. The sky is blue with a few birds flying. A large yellow diagonal shape covers the right side of the slide, containing the text.

STRATEGIC THINKING = FRESH DIRECTIONS

The bold vision of Lakehead University's Strategic Plan 2013-18 underpins everything we do. It is a call to action that unites students, faculty, staff, alumni, donors, and our many community supporters.

THE PLAN HAS MAPPED OUT FIVE STRATEGIC DIRECTIONS:

- › Nurturing Scholarship
- › Learner-Centred Student Experience
- › Growth and Capacity Development
- › Community Engagement
- › Economic Development

Flip through these pages to discover compelling stories celebrating Lakehead University's unique ability to provide a transformative university experience.

NURTURING SCHOLARSHIP

ADVENTURES IN ARCHAEOLOGY

When he was a kid growing up in Australia, Carney Matheson knew he wanted to be an archaeologist. He is now a world expert in ancient DNA and biological residue analysis whose research has taken him to all seven continents – feats that would impress Indiana Jones.

Matheson has created new techniques to identify biomolecules recovered from artifacts, as well as animal and human remains. He and his colleagues in Lakehead's Anthropology Department and Paleo-DNA Laboratory have made international headlines for their work on projects like "The Lost Tomb of Jesus."

"WE'RE ALWAYS BEING ASKED TO SOLVE MYSTERIES."

– **Anthropology Chair Carney Matheson**

Other breakthroughs include identifying poison on stone tools from various archaeological sites in South Africa. These findings may overturn the long-held belief that our ancestors didn't begin using poison as a weapon until much later.

Carney Matheson's unabated passion for sharing the wonders of archaeology with diverse communities, colleagues, and students is just one of the things that make him an exceptional anthropologist. We're sure his next quest will take us to other places we've only dreamed of.

UNDER THE TUSCAN SUN

Some intrepid students in Lakehead's Languages program will be travelling to the hillside town of Cortona, Italy, for university classes in the spectacular Tuscany region in the not too distant future.

"YOU GET A PERSPECTIVE THAT YOU WOULD NEVER EXPERIENCE LIVING IN CANADA."

– **Roy Piovesana, President of the Institute of Italian Studies**

The Institute of Italian Studies – Lakehead University has generously agreed to create a new award for Lakehead students hoping to attend the Cortona School. "To study the Italian language while being immersed in the culture of Italy is the ideal situation," says the Institute's President Roy Piovesana.

The Institute of Italian Studies' civic spirit, research publications, and renowned Speaker Series have made it a vital part of University life. "Every year we try to come up with something innovative like the Cortona program," says Vice-President and Past President John Bonfiglio.

This fall, the Institute completed a much appreciated \$25,000 pledge to the Free Tuition scholarship program at Lakehead University.

LEARNER-CENTRED STUDENT EXPERIENCE

FACULTY OF LAW LEGACIES

The Faculty of Law is off to a phenomenal start. On September 17, 2013, a delighted audience rose to its feet as Don Paterson, President of The Paterson Foundation, announced a \$1 million donation to the Faculty of Law to renovate the historic PACI building.

The gift celebrates John N. Paterson's influence on Canadian business and law and, especially, Lakehead. The new Faculty of Law auditorium will be named in honour of this passionate advocate for the University.

[READ MORE ABOUT THE PATERSON FOUNDATION...](#)

The late John Andrews excelled at making things stronger – his company, his community, and the University. On November 29, 2012, the John Andrews Foundation announced a \$250,000 gift to the Faculty of Law to create a state-of-the-art boardroom and assist with other priorities.

Directors of the Foundation are Allan G. McKittrick, Q.C., Chairman, Alexander M.S. Paterson, President, and Dr. Donald R. Henderson, Treasurer.

Canada's newest lawyers will be able to succeed thanks to the legacies of these two extraordinary individuals and steadfast Lakehead champions.

MOVERS AND SHAKERS

Liz Ross has come face-to-face with polar bears and ripped around mountain bike courses across Canada. This energy comes in handy as the athletics and recreation facilitator at Lakehead Orillia – a campus blazing

new trails in student athletics and wellness.

“WE FOCUS ON THE WHOLE STUDENT – MIND, BODY, AND SPIRIT.”

– Lakehead Orillia Associate Vice-Provost Frank Cappadocia

Orillia's varsity, club, and intramural teams are flourishing. “Our students are great at pounding the pavement and finding out who wants to start a team,” Ross says. In 2012, Lakehead Orillia won a national “Innovation Award” for their Simcoe/Muskoka YMCA partnership. And since September, the campus has been running Ontario Colleges Athletic Association supported activities.

Giving students as many ways as possible to leap, run, and soar means that Liz Ross won't be slowing down any time soon.

GROWTH AND CAPACITY DEVELOPMENT

TD BANK MAKES THE GRASS GREENER

When Kristy Shaughnessy, district vice-president of TD Canada Trust, stepped onto the roof of Lakehead Orillia's Academic Building on a crisp October day, she enjoyed not just fresh air and a stunning view, but also the feeling of grass beneath her feet.

The occasion was the official naming of the “TD Green Roof” and a celebration of TD's impressive \$250,000 gift to the “Your Bright Future” capital fundraising campaign. The roof is a source of wonder to all who visit the campus – over 50% of it is covered with natural plants and grasses and it is able to generate its own water supply and reduce energy consumption.

“TD IS PROUD TO SUPPORT THIS INNOVATIVE, ENVIRONMENTALLY SUSTAINABLE INITIATIVE.”

– **TD Canada Trust District Vice-President Kristy Shaughnessy**

TD Bank Group's inspired approach to protecting our planet makes them a true environmental leader.

LEARNING TO FLY

Lakehead's English Language Program (ELP) recently celebrated its first birthday. The ELP is a 14-week-long bridging program offered on the Thunder Bay and Orillia campuses to foster fluency in academic English.

The program attracts young people like Brazilian Forestry student Magali Furlan Nehemy. “I was able to pick from many other universities in the world – Canada, the United States, Australia – but I chose Lakehead,” she explains, “because it has a strong natural resources management program.”

When the students come, they leave their families, their favourite foods, and their support networks behind, as ELP teacher Lena Wilson points out, “that's why we do our best to create new networks.” In return, these students are making our communities much more exciting and multicultural places.

“THE STUDENTS ARE SO DEDICATED AND APPRECIATIVE OF EVERYTHING YOU DO FOR THEM.”

– **ELP instructor Barbara Dlugosz**

[READ MORE ABOUT ELP...](#)

COMMUNITY ENGAGEMENT

SIMCOE COUNTY SHINES

Simcoe County is a unique and diverse region. Its over 470,000 residents have a strong entrepreneurial spirit and are transforming how Central Ontarians think, live, and work – something that was clear on October 24, 2012, when Simcoe County representatives converged at Lakehead Orillia's Academic Building to donate \$1 million. “Having lived in Simcoe County most of my life, I have seen the positive impact that post-secondary education has on our communities,” says Cal Patterson, Warden, County of Simcoe.

The County has now contributed a total of \$2.5 million to Lakehead Orillia and these two partners are moving forward on exciting projects. This formidable alliance has people wondering what they'll do next. Fortunately, they won't have to wait long.

“WE PRIDE OURSELVES ON PROVIDING INNOVATION AND LEADERSHIP – LAKEHEAD ORILLIA EXEMPLIFIES THESE KEY VALUES AND WE'RE PROUD TO BE HOME TO SUCH A GREAT INSTITUTION.”

– Cal Patterson, Warden, County of Simcoe

[READ MORE ABOUT SIMCOE COUNTY...](#)

IT TAKES A VILLAGE

Christopher Mushquash, a Lakehead Psychology and Northern Ontario School of Medicine professor, takes a community-based approach to research. He is part of a changing Aboriginal health research landscape

that emphasizes respectful collaborations in the search to improve health.

“WHEN YOU HAVE A RELATIONSHIP WITH COMMUNITIES, YOU CAN ENTER INTO AN OPEN DIALOGUE TO ADDRESS THEIR GOALS IN A REAL WAY.”

**– Psychology Assistant Professor and nationally recognized researcher
Christopher Mushquash**

Mushquash is especially interested in the interrelationship between substance use and mental health in First Nations communities. “We must consider how the historic context has caused profound changes that affect health.”

His Substance Use Research Group (SURG) is one way Mushquash engages in these complex issues. Recently, he worked with Health Canada and ten remote First Nation communities to create an evaluation framework for community-based programs dealing with opiate use. “This work is very rewarding. I've met so many strong and spirited people,” Mushquash declares.

ECONOMIC DEVELOPMENT

FUELLING NORTHWESTERN ONTARIO'S RESEARCH ENGINE

“I think it’s important to mentor young entrepreneurs,” says Harvey Cardwell, “to help them be innovators who are on the edge.”

Entrepreneurship is something Cardwell knows inside and out. He is a director of Northco Group, which invests in real estate, hotels, restaurants, financial services, and biomedical enterprises. He also challenged the Canadian business world when he co-founded Robin’s Donuts in 1975 and established a chain of 247 stores across the country.

“I LIKE TO TAKE ON THINGS THAT HAVE POTENTIAL AND TRANSFORM THEM INTO SOMETHING ELSE.”

– **Lakehead Fellow and supporter Harvey Cardwell**

Cardwell is now working with the University to create an advisory council of primarily private sector individuals to advise Lakehead President Brian Stevenson on the University’s role in regional economic development strategy and initiatives.

A STRONG START

Ed Rawana believes that youngsters can conquer challenges at home or at school, if they have faith in themselves.

Rawana is a Psychology professor and director of the Centre for Education and Research on Positive Youth Development (formerly the Centre of Excellence for Children and Adolescents with Special Needs). His insight was the genesis of the Strengths Assessment Inventory (SAI) – a questionnaire pinpointing competencies ranging from having a sense of humour to being good at basketball. “We find that kids are embracing it because it gives them hope.”

“THE SAI IS QUITE UNIQUE BECAUSE IT’S A START-UP COMPANY THAT ALREADY HAS REVENUE.”

– **Barb Eccles, Economic Development and Innovation Office**

The SAI is used provincially and nationally by teachers, mental health professionals, social workers, substance-abuse counselors, and parents. Lakehead’s Economic Development and Innovation Office helped with the commercialization process. Now, the SAI is poised to expand and bring jobs and economic benefits to Northwestern Ontario.

STUDENT ACHIEVEMENTS

THE EAGERNESS OF LAKEHEAD STUDENTS TO TAKE A RISK AND TRY AN UNCONVENTIONAL ROUTE IS LEADING THEM TO REMARKABLE DESTINATIONS. HERE ARE SOME OF THE SUCCESSES THAT MADE US PROUD OF OUR ORILLIA AND THUNDER BAY STUDENTS IN 2012-13.

ARTS

- › Music students Micah Pawluk and Justin Sillman captivated listeners when they played a piano recital at the famous Carnegie Hall after winning the advanced category of the 2012 Crescendo International Music Competition

EDUCATION

- › Orillia professional year Education students designed “The Right Path” conference focusing on the lifestyles and challenges of Canada’s First Nations, Métis, and Inuit people for 300 gifted elementary school students
- › Tyson Grinsell, a Concurrent Geography and Education student, received the Ontario Medal for Young Volunteers from the Lieutenant Governor of Ontario
- › Master of Education student Kimberley Caldwell received a Recognition Award from the Canadian Association of Teacher Educators (CATE) for her thesis discussing evaluation and assessment in teacher education

NATURAL AND SOCIAL SCIENCES

- › Ashley Unteriner, Biotechnology PhD student, discovered new pathways for sugar metabolism in diabetes and received an \$81,667 Frederick Banting and Charles Best Canada Graduate Scholarship Award
- › Sheri O’Connor, Orillia Master of Science in Biology student, received \$42,000 from the Natural Sciences and Engineering Research Council of Canada’s (NSERC) Industrial Postgraduate Scholarship program
- › First-year student Katelynn Crawford (HBASc/Environmental Sustainability) won the Lakehead Orillia Your Bright Future Golf Invitational Award

- › Stacey Saukko, a Centre for Education and Research on Aging and Health placement student, won first place for her poster *Music Students' Experiences of Music Interaction with Residents Living in Two Northwestern Ontario Long-Term Care Homes* at the 19th International Congress on Palliative Care
- › Fourth-year Geology student Emily Smyk won a \$10,000 scholarship from the Society of Economic Geologists to support her Master of Science research

BUSINESS

- › Orillia Commerce student David French was the inaugural recipient of The President's Scholarship Golf Tournament Business Award
- › Business Administration students ranked among the top in Canada at this year's final round of the Inter-Collegiate Business Competition (ICBC) and the accounting team of Tim Harris and Jesse Young was among the top five in Canada
- › Accounting students Taylor Hosanna, Nick Dzikowski, Ben Anderson, and Lucas Bauer placed second in the 2013 Gathering of Accounting Academics, Practitioners, and Students (GAAPS) competition

ATHLETICS

- › Thunderwolves men's basketball team earned a silver medal at the Canadian Interuniversity Sports (CIS) competition
- › Thunderwolves women's and men's Nordic ski teams won the Ontario University Athletics (OUA) Nordic Skiing Championships
- › Lakehead Orillia was accepted as an affiliate member of the Ontario Colleges Athletic Association (OCAA)

FACULTY AWARDS AND HONOURS

LAKEHEAD UNIVERSITY IS RANKED AMONG THE TOP TEN MOST INVENTIVE UNIVERSITIES IN CANADA BY THE IMPACT GROUP AND RANKED #1 IN CANADA FOR PUBLISHING IN ABORIGINAL STUDIES. OUR FACULTY MEMBERS NURTURE SCHOLARSHIP IN TEACHING AND RESEARCH BY EXPANDING THE FRONTIERS OF HUMAN KNOWLEDGE AND GIVING OUR STUDENTS THE TOOLS TO THINK FOR THEMSELVES.

LAKEHEAD UNIVERSITY RESEARCH AND INNOVATION AWARD WINNERS

2012 SSHRC Distinguished Researcher Award

Sonja Grover, Education

2012 NSERC Distinguished Researcher Award

Aicheng Chen, Chemistry, Canada Research Chair in Materials and Environmental Chemistry

Contributions to Research Award

- › Paul Carr, Sociology/Interdisciplinary Studies (Orillia)
- › Chander Shahi, Natural Resources Management

Building Research Capacity Award for 2012

Alex Lawson, Lisa Korteweg, and Christina van Barneveld, Education, for the Multi-Data Convergence Lab

2012 Aboriginal Partnership Research Award

- › Scott Hamilton, Anthropology
- › Jill Taylor-Hollings, Anthropology (University of Alberta and Lakehead University)
- › Lac Seul First Nation
- › Pikangikum First Nation
- › Doug Gilmore (Woodland Caribou Provincial Park/Ontario Parks)

2012 Lakehead University Innovation Award

Chris Murray, Interdisciplinary Studies (Orillia)

LAKEHEAD UNIVERSITY 2012 TEACHING AWARDS

Lakehead University Distinguished Instructor Award

Judith Leggatt, English

Lakehead University Contribution to Teaching Awards

- › Daniel Hannah, English
- › Mary Louise Hill, Geology
- › Richard Khoury, Software Engineering
- › Linda Rodenburg, Interdisciplinary Studies (Orillia)
- › Mirella Stroink, Psychology
- › Adam Van Tuyl, Mathematical Sciences

NATIONAL/INTERNATIONAL AWARDS

New Canada Research Chair (CRC)

Pauline Sameshima, Tier 2 CRC in Arts Integrated Studies

The Queen Elizabeth II Diamond Jubilee Medal Winners

(Awarded by the Government of Canada)

- › Bob Jickling, Education Professor Emeritus (Environmental Education)
- › Sher Ali Mirza, Civil Engineering Professor Emeritus (Structural Engineering)
- › Mary Lou Kelley, Social Work Professor and Research Chair in Palliative Care

2013 Canadian Catalysis Lectureship Award

(Canadian Catalysis Foundation)

Aicheng Chen, Chemistry Professor and Canada Research Chair

President's New Researcher Award for 2013

(Canadian Psychological Association)

Christopher Mushquash, Psychology

Leverhulme Trust Visiting Fellowship

(York St. John University, United Kingdom)

John Gotwals, Kinesiology
