

DOCTOR OF PHILOSOPHY

CHOHAN, Sabreena

Clinical Psychology

Dissertation: Social Comparison to Thin and Plus Size Media
Images - Impact on Candy Consumption, Affect, and Body
Image in Binge Eaters

FRANKS, Jessica

Clinical Psychology

Dissertation: The Role of Students' Strengths in the
Experiences & Effects of Bullying on Peer Relationships,
Academic Achievement and Behavioural and Emotional Functioning

GAO, Weijue

Biotechnology

Dissertation: Submerged Anaerobic Membrane Bioreactors for
Wastewater Treatment and Membrane Fouling Characterization
and Control

MOORE, Sylvia Diane

Educational Studies

Dissertation: Trickster Chases the Tale of Education

STONE, Suzanne

Clinical Psychology

Dissertation: Past Reproductive Events and Finger Digit Ratio
as Predictors of Symptom Severity, Psychological Distress, and
Medical Treatment-Seeking During the Perimenopausal Period

WALFORD, Susanne E

Biotechnology

Dissertation: Environmental Considerations for Wet Mining
Peatlands in Northwestern Ontario

MASTER OF ARTS

ABDUL HAFIDH, Sumia

English

BADIO, Sandrine

Sociology

Specialization in Women's Studies

FACULTY OF GRADUATE STUDIES
GRADUATES - NOVEMBER 2011

BERUBE, Genevieve Marguarite
Clinical Psychology
Thesis: Cortical Response to a Chocolate Craving Induction
Among Restrained and Unrestrained Eaters

BLANCHARD, David Alphonse
History

FOLLIS, Julie
History
Specialization in Women's Studies

GATES, Justin
Clinical Psychology
Thesis: The Impact of Stimulant on Transport Truck Driver
Culpability in Fatal Collisions

GEORGE, David Robert
History

PRYSTANSKI, Kylie Michelle
Clinical Psychology
Thesis: Attentional and Psychophysiological Responses to
Seasonal and Eating Stimuli in Seasonal Depression and
Disordered Eating

RANSOM, Danielle
Clinical Psychology
Thesis: So You Think You've Got Problems - Interpersonal
Influence on Women with Low Appearance Self-Esteem
within the Context of Self-Affirmation

ROSBOROUGH, Brent
History

SINCLAIR, Sarah
Clinical Psychology
Thesis: Community Supervision of Adolescent Offenders Who
Commit Sexual Offenses - An Evaluation of Risk Appraisal
and Rehabilitation Strategies by Probation Officers

STOVER, Gordon William
History

WISEMAN, Matthew
History

MASTER OF BUSINESS ADMINISTRATION

BLANDO, Alexander Peter Johann

CAOQUETTE, Justin Stefan

CLACE, Ricky Duard Ashley

DELEO, Mark

DOU, Yan

GEE, Kevin Robert

HERINGER, Sean Thomas

KOCH, Alejandro

LUO, Juan

MCCOLLUM, Angeleen Jasmine

PEDRI, Michael Attilio

QUIRION, Andrew

SUTHERLAND, Lindsay Kristin

MASTER OF SCIENCE IN MANAGEMENT

QIN, Keran

RANTA, Matthew John

Thesis: The Impact of Trust in Management and Quality of
Change Communication on Readiness for Change

RUBERRY, Leanne F

Thesis: Understanding the Acculturation Experience of First
Nations Workers in Northwestern Ontario's Urban Workforce

SCALZO, Giovanni

MASTER OF EDUCATION - Educational Studies

BURTON, Pamela Kathleen

CAMPBELL, Ashley Elizabeth

Thesis: A creative arts-based approach to using children's rights as a vehicle for tolerance education at the senior elementary school level

ISSA, Moushira

KING, Sherry Lee

Thesis: Does This Count for Marks - A Mixed Methods Analysis of Teacher Opinion of Counting a Large-Scale Assessment Toward Class Grades

KREPS, Dyann Mary Agnes

POTVIN, Leigh Catherine

Thesis: Masculinity goes to class: Gender performances and anti-oppressive perspectives in a secondary classroom

MASTER OF ENVIRONMENTAL STUDIES in NATURE-BASED RECREATION and TOURISM

JOHNSTON, Adrienne Elizabeth Marie

Thesis: Stakeholder perspectives on climate change and adaptation in expedition cruise tourism in Nunavut

MATTHEWS, Andrew Graham

Thesis: Expectations for Tourism Development: Examining the Roles of Capacity Building and Empowerment

STEWART, Mark A

Thesis: The Role of Self-Efficacy in Constraints Negotiation - Rural Nova Scotia Teachers' Ability to Implement Outdoor Education

MASTER OF ENVIRONMENTAL STUDIES in NORTHERN ENVIRONMENTS and CULTURES

CHEVRETTE, Lee-Ann

Thesis: Community Gardening: Exploring Motivations, Benefits and Gardener Experience

DOFF, Bradley Norman

Thesis: A GIS-based decision-support model linking urban forest benefits with sustainability goals - an application to Thunder Bay, Ontario

KINGSMILL, Lesley Marie

Thesis: Middle Holocene Archaeology and Paleoenvironments of the Thunder Bay Region, Lake Superior Basin

MASTER OF PUBLIC HEALTH

ARSENAULT, Melissa
Specialization in Nursing

BHANDARKAR, Seema
Specialization in Nursing

CAMPBELL, Samantha Emilie
Specialization in Nursing

HENRY, Maranda Lynn
Specialization in Nursing

KRIVONOS, Oxana
Specialization in Nursing

LOCKERT, Stephanie
Health Studies

MARANZAN, Brent
Health Studies
Thesis: Crowding and Frequency of Use of Emergency
Department Services in a Northwestern Ontario Academic
Health Sciences Centre

PAVLETIC, David
Health Studies

RAMSTEAD, Kerri
Specialization in Nursing

TOTH, Zsolt
Health Studies
Thesis: An Exploration of the Impact of Cultural Food Beliefs
and Attitudes on the Acceptance of the Dietary
Recommendations for Type 2 Diabetes

WONG, Joyce Ho Shan

MASTER OF SCIENCE

ASMUSSEN, Michael James

Kinesiology

Thesis: Biomechanical Constraints on Intra-Limb Coordination in Boys with and without Developmental Coordination Disorder

BROENNLE, Morgan Marie Teresa

Kinesiology

Thesis: The Relationship Between Maximal Isometric and Isotonic Neck Strength of Hockey Players and Wrestlers

CHAMARETTE, Lyle Frank Blaise

Computer Science

CHANG, Mary

Biology

Thesis: Protease production and in vitro growth of *Sarracenia purpurea*

CHEN, Shuai

Chemistry

Thesis: Synthesis and Electrochemical Study of Pd- and Pt- Based Nanostructured Materials

FAGE, Adam

Geology

Thesis: Geology, Geochemistry and Geochronology of the Hemlo East Property, Schreiber-Hemlo Greenstone Belt, Ontario

NORDIN, Andrew

Kinesiology

Thesis: Comparing Methods of Vertical Jump Height Measurement

SUTHERLAND, Malcolm Joseph

Kinesiology

Thesis: The Experience of Volunteer Minor Hockey Coaches, Program Organizers and Program Facilitators in an On-Line Coach Education Program Known as Play It Cool

MASTER OF SCIENCE IN ENGINEERING

ALBARNAT, Osama

Control Engineering

Thesis: Analysis and Design of Networked Predictive Control Systems

ENDERS, Justin
Electrical and Computer Engineering
Thesis: Exploring the Feasibility of Wireless Sensor
Networks Within the MRI Environment

FEENY, Ryan
Control Engineering
Thesis: CO₂ Separation Using a Tubular Ceramic Membrane Device
for Industrial GHG Emissions Control

GHASHGHAE, Freshteh
Control Engineering
Thesis: Attitude Estimation and Stabilization of a Quadrotor
Aircraft

GUBBELS, Jason Matthew
Electrical and Computer Engineering
Thesis: Technical Feasibility and Economical Viability of Remote
Hybrid Power Systems in Northern Ontario

HASSAN, Ikrema Abdalla
Environmental Engineering
Thesis: Integrated Solar Electrokinetic Remediation of Soil
Contaminated with Copper

HERRERA, Ricardo
Environmental Engineering
Thesis: Comparison of Methods to Determine the Carbonation
Depth in Fly Ash Blended Cement Mortars

HERRON, Sonja
Environmental Engineering
Thesis: Characterization of CO₂ Separation and Capture from
Simulated Flue Gas Mixture Using an Adsorbent Bed Device for
Industrial GHG Emissions Reduction Applications

KHASTOO, Jamshid
Electrical and Computer Engineering
Thesis: Fuzzy Logic Based Efficiency Optimization of IPM
Synchronous Motor Drive

NASIR, Nawaf Abbas
Control Engineering
Thesis: CO₂ Gas Removal Using a Mono-Channel Ceramic Membrane
Device for Oxygen-Enriched Combustion Industrial GHG Reduction
Applications

NEMATOLLAHI, Naeem
Electrical and Computer Engineering
Thesis: Key Duplicating Software Using Digital Image Processing

PAN, Ke
Environmental Engineering
Thesis: Chemical and Electrochemical Modification of Kraft
Lignin to Value-added Products

PANDEY, Bhishan
Environmental Engineering
Thesis: Effect of carbonation on leachability and compressive
strength of cement-solidified and geopolymer-solidified
synthetic metal wastes

QU, Xiao
Environmental Engineering
Thesis: Electrochemical Methods and Membrane Bioreactor
Approach for Wastewater Treatment and Water Quality Assessment

MASTER OF SCIENCE IN FORESTRY

HONSBERGER, Terrence
Thesis: Habitat Use by Woodland Caribou in a Managed
Boreal Forest Landscape

KERCKHOFF, Krystal Dawn
Thesis: Adaptability in Moose (*Alces Alces L.*) - Habitat
Selection in Two Landscapes in Newfoundland, Canada

LAWRENCE, Derek Joseph
Thesis: Characterization of Rooting Patterns in Mixedwood Forests
of White Spruce and Trembling Aspen: Is Competition Reduced
Belowground?

NEUFELD, Breanne Andrea
Thesis: Investigating Productivity and Foliar Nutrient Status in
Second Growth White Spruce (*Picea glauca*) and Trembling
Aspen (*Populus tremuloides*)

MASTER OF SOCIAL WORK

CHAMBERLAIN, Julia Grace

FARMER, David Richard

GLUCK, Linda Wendy

HENDRICKSON, Stephanie Lyn

LALDIN, Sarah Christine

NELSON, Joni Elaine

TROCHIMCHUK-SCHINCARIOL, Ember Dawn

GRADUATE DIPLOMA IN HEALTH SERVICES & POLICY RESEARCH

SERENKO, Natalia
